Attorney's Docket No. 32285

Patent

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re the		
Application of:	EDWARD T. LEBRETON	Art Unit: 1732
Application No.:	10/074,449	Examiner: STEFAN STAICOVICI
Filing Date:	FEBRUARY 13, 2002	
Title:	FIBER REINFORCED THERMOPLASTIC PRESSURE VESSELS	

RENEWED PETITION UNDER 37 C.F.R. §1.78

Commissioner for Patents
MAIL STOP PETITION
P.O. Box 1450
Alexandria, VA 22313-1450

Applicant's attorney respectfully submits this renewed petition under 37 C.F.R. §1.78 to accept the accompanying amendment which amends the specification of the above-identified patent application to refer to the priority document. This petition has previously been dismissed in a Decision on Petition letter sent on August 20, 2004. The dismissal was due to an "incorporation by reference" statement in the amendment filed with the original petition. A substitute amendment accompanying this renewal petition does not contain an incorporation by reference statement, and thus should be acceptable.

Applicants attorney again states that the entire delay between the date for claiming priority was due, namely, June 23, 2002, to the date that this petition with accompanying amendment was filed was due to a clerical error and was unintentional.

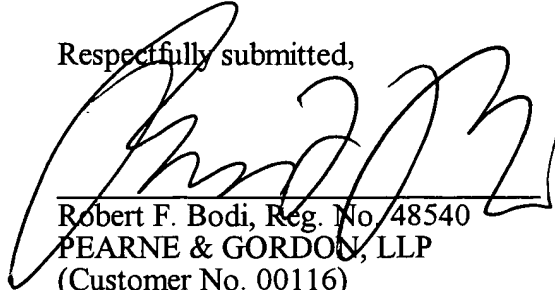

I hereby certify that the attached correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner of Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on the date indicated below.
